University of Technology (MAKAUT)

Approved by Pharmacy Council of India

## About Knowledge City & Mr. Md. Abdur Rob

On 6th day of April 1962, a child took birth in a respectable family of Rajarhat village, P.S. Usthi, Dist South 24 Parganas and was named as Md. Abdur Rob by his parent. Abdur Rob was the second child of Mr. Yakub Ali and Mrs. Marjina Begum who too had two other children also..

Mr. Yakub Ali was a known freedom fighter and he had been the primary associates of famous leader and social worker Mr. Pravash Roy, Jotish Roy, Kansari Halder, Charu Chandra Bhandari and Mr. Prafulla Sen. Mr. Yakub Ali was jailed before Independence but he left politics after India become Independent.

A man driven by his desire to serve the mankind found his way to a little known place Rajarhat and in order to upliftment of the lowest rungs of the society especially for the cause of Education he established Rajarhat High Madrasa, Rajarhat Hayatnagar pre-primary School and another six Education center in the locality. Apart from that he also helped in establishing number of small Education segments, Mandir, Masjid, Madrasa and Library etc. for his extreme desire to serve the downtrodden, the orphans and the destitutes.

Md. Abdur Rob at first educated himself in the Hayatnagar Primary School; an Institution established by his father. Subsequently he passed Secondary School Certificate from Rajarhat Madrasa which again an Institution established by his father. He then passed Higher Secondary Examination from Diamond Harbour College and graduated himself from Vivekananda College. He obtained Masters Degree in Bengali and History from Rabindra Bharati University. He got B.Ed degree and obtained Doctorate during the year 2019.

Md Abdur Rob, basically a teacher by profession, had served Rani Rashmoni High School at Kolkata. While in service he took active part in public speaking cum movement in order to eradicate lots of unsocial activities, he found himself fighting all kind of adversities against certain promoters in Diamond Harbour Road area even at the stake of his life. In all his good attempts and activities he got helped reasonably from renowned social activists like Medha Patkar, Mahasweta Devi and others (**Resort Birodhi Movement**).

The selfless and untiring spirit that he is, Md Abdur Rob has also worked in his father's brick kilns during his leisure. Md Abdur Rob and his family had lot of ancestral cultivatable land surrounded by weed lands. He therefore thought and planned to establish a small township in that area with greenary, water bodies and natural beauty. He also planned public amenities like housing, schools, college, hospital etc. in the vicinity. He gave the area a name as '**KNOWLEDGE CITY**' a clean city, a green city. The impact of his humanitarian work can now be seen in the types of Institutions that he has already established which can now be revered as an undiluted example of his service towards mankind and the society.

Md. Abdur Rob strongly believes that education is the core for social upliftment of the under privileged. Development and progress would then be boosted in the society once the education is spreaded in segments. The idea behind this theme was to give the Knowledge City a panorama alike Rabindranath Tagore's Shantiniketan which seemed to be little inconclusive. Knowledge City, comparatively has been planned more or less realistic and creative which idea has provoked the planner to organise systematic **housing, schooling (english and bengali medium), medical college, B.Ed college, hospital with medical facilities, law college, pharmacy college and nursing college** etc. Such idea immediately may sound little unrealistic but in the long run, he strongly believes that Knowledge City would be a passion for love to the population yet to come. Moreso when all such activities have started in full swing on ground.

Yet other steps which Mr. M. A. Rob has adopted are to promote kinds of Festivals alike Shantiniketan i.e 'Basanto Utsav' in open auditorium, 'Poush Mela', Harvesting and Tree planting, organising varieties of cultural program by indoor and outdoor artists. He also took keen interest to look after their comforts and arrange all hospitality including fooding, lodging and travelling etc. immaterial of any cast, creed and religion which definitely has proved Abdur Rob a great citizen of mankind with exemplary 'Service before Self'.

## Message from Chairman

I feel myself immensely proud and happy to write the message for the newly admitted students of Momtaz Begum Pharmacy College. The institute and all its stakeholders assiduously work together towards developing a global outlook in teaching-learning, executive education and research across inter-disciplinary fields.

In the year 2023, we are going to started Diploma course in Pharmacy. The students of Momtaz Begum Pharmacy College are exposed to quality education under the experienced and expert faculty members. We have highly accomplished and dedicated faculty-members with rich and diverse academic and corporate experience. We encourage our students to learn beyond the boundaries of curricula through professional industry and hospital visits, social development programmes and research projects that shape their personalities as responsible citizens with a professional outlook. Even, in this institution students are trained to be the future entrepreneurs. With high hope and expectation I welcome all the saplings who will grow up as shadowy trees in future.

*Md. Abdur Rob*

## Message from Principal

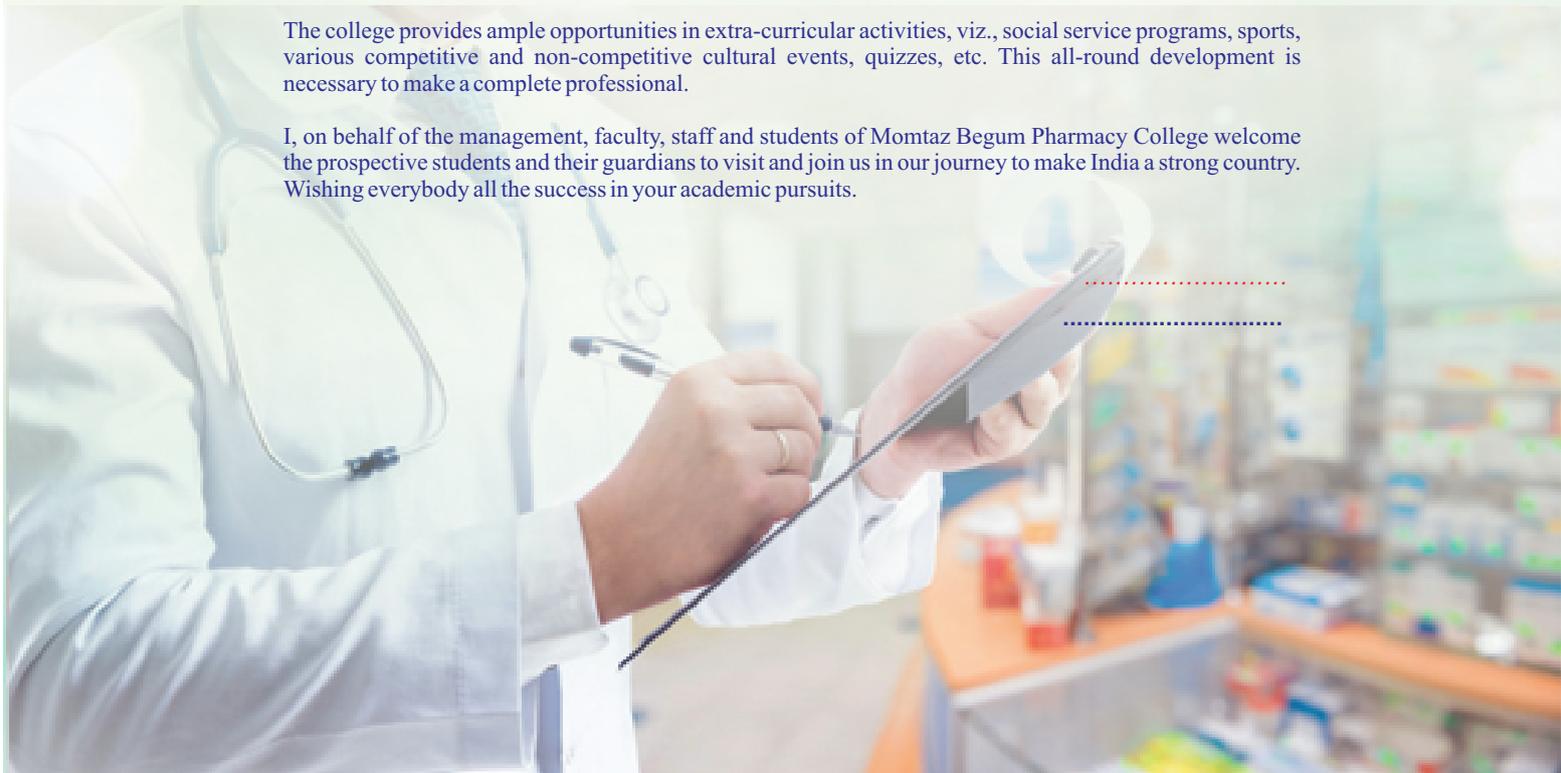

In tune with the vision of Momtaz Begum Pharmacy College and to transform the Institution to a global center of learning, we impart the much needed up-to-date knowledge to our beloved students in a friendly and homely environment. The faculty of the Institution is hand-picked from academia and industry. The manpower behind the Institution maintains a balance of young dynamic individuals and highly experienced seniors who steer the teaching and learning process of the college as per the dynamic global requirements. This will be reflected in the high rate of placement of our students after their coursework and the highly satisfying feedback that we get from their employers. This results in the prospective employers returning to us for more students every year.

The college cultivates and encourages out-of-the-box thinking necessary for success in the profession and patronizes the students to acquire strong scholastic ability, integrate diverse perspectives and approaches with real world applications, to become future pioneers in the profession of Pharmacy.

The college provides ample opportunities in extra-curricular activities, viz., social service programs, sports, various competitive and non-competitive cultural events, quizzes, etc. This all-round development is necessary to make a complete professional.

I, on behalf of the management, faculty, staff and students of Momtaz Begum Pharmacy College welcome the prospective students and their guardians to visit and join us in our journey to make India a strong country. Wishing everybody all the success in your academic pursuits.
